The Photographic Archive

The following 35 pages contain 520 small photographs of Bhagavan Sri Ramana Maharshi, taken between 1898 and 1950. They represent the bulk of the photographic archive at Sri Ramanasramam. Most of them have not been restored and many of them have suffered damage over the years. However, I have done my utmost within the limitations of this project to bring out the best in each image.

The photographs have been arranged according to two primary criteria and not to the archive numbers beneath each image. They are:

1/ Where the photographs appear to have been taken at the same time according to the background information and Bhagavan's position.

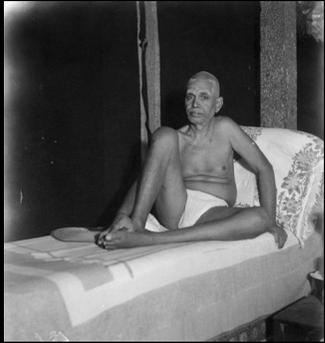

2/ According to the location and Bhagavan's posture - Sitting, standing, walking, etc.

The photographs were prepared in EPS format to retain the majority of the information in them. You can zoom into any of the images - up to 400% - and the detail will be enhanced, not lost.

To scroll through the pages just use the arrow keys on your keypad. To return to the 'Universal Contents Page' use the 'Home' key on your keypad.

I hope that you enjoy the photographs.
